## ***To those who serve families grieving the loss of a baby:***

*Thank you for caring for families who have lost a baby during pregnancy or shortly after birth. We believe that dealing with infant losses can be some of the most difficult work that you do. Families truly appreciate those who acknowledge their loss and provide a dignified burial for their child. Proper burial is the only gift that they will be able to give this child and they like it to be special. We appreciate all you do to make this possible. We are happy to provide you with caskets and urns for these grieving families. When a family is experiencing pregnancy loss, there is little opportunity to provide for that baby, other than a proper burial or cremation. Choosing a casket and burial clothing may be the only earthly choice they will ever make for that child. With the assistance of Heaven's Gain, please offer choices for these families. We would be honored if you would consider our caskets and urns for babies who leave too soon. A size chart is available on the back page of this catalog.*

## ***Order Processing:***

*We prefer orders be placed on line and entered as phone orders. This allows you to double check the spelling, date, and any other details. Since we can combine shipping for your order the amount due may change so we prefer you place your order on line and pay the adjusted determined amount over the phone.*

*Orders are sent out the same business day if the order is placed by noon EST. We will try ( not guarantee) to get the order out if received after noon. If you will be sending an order in after noon EST but you would prefer it to go out the same day, call to see if that is a possibility.*

## ***Shipping:***

*Next day shipping is possible but may be three to four times as expensive as ground shipping. Fed Ex Express or USPS express have a guaranteed delivery date. USPS Priority Mail and FedEx Ground have planned delivery dates but they are not guaranteed. Check out the shipping page for more details.*

At Heaven's Gain Ministries, we strongly recommend the **Saline Bath Preservation Technique** for your deceased baby. This requires a vessel.

The handling and burial of a miscarried or stillborn baby often brings with it some special challenges. The baby's skeletal system is not fully developed, and so the baby may not retain his/her natural form after birth. The baby's body is very fragile, and the skin may be sticky to the touch. If still in the womb, the baby would be peacefully floating in his/her own amniotic fluid. Our vessels allow the baby to be suspended in the natural state of water as nature intended, as opposed to being completely exposed to dehydration. The use of the vessel filled with water gives the body of the baby a womb-like environment. We recommend a saline solution 0.9% saline or 0.9% contact lens solution, to "preserve" the baby by slowing down the deterioration process. When not viewing the baby, place the baby in a cold (not frozen) place, to further slow the deterioration process. These techniques can be used for a couple to a few days until burial.

Often times a miscarried or early stillborn baby does not look exactly as expected or as seen in baby development pictures. When placed in a vessel with a combination of distilled and saline water, babies usually return to his/her naturally beautiful state for that stage in pregnancy. This change in appearance allows other children and family members to view the baby while keeping the baby's body safe. Also, the clear vessel provides a wonderful opportunity to take beautiful pictures. Wrapping the bottle with a blanket allows family members to cuddle and rock the baby without worrying about skin breakdown. [www.heavensgain.org](http://www.heavensgain.org)
