"Once we 'embraced the joy' everything changed. We were no longer afraid or timid. We gave it our all...our time with our sweet boy was immensely satisfying and can never, ever be replaced. We took memory-making to such heights. Others in our support group and online had not even thought of half the things we did. Our experience was all because we were empowered to BE his parents and make every moment of the 48 hours we had COUNT! Thank you, thank you. You'll never know how much we appreciate you for teaching us how to do this well. We have NO REGRETS!"

Our Mission

Heaven's Gain Ministries' (HGM) mission is to provide for the physical, emotional, and spiritual needs of families experiencing pregnancy loss: before, during, and after the delivery of their precious baby.

Our Certified Baby Loss Family Adviser (CBLFA) can prepare families for the birth of their baby. By creating a birth plan, the family can arrange special and meaningful moments that will form lasting memories and provide comfort over time. Our CBLFAs are also available for non-medical questions during the delivery of the baby. After the delivery, our CBLFAs provide support to individuals, couples, and groups. Information and resources are available throughout our website.

As part of our ministry, HGM also provides beautiful baby caskets and infant urns that attest to the dignity and respect of the baby. Our products are of the highest quality. We add individual touches and personalize every casket or urn we carry. Memorial gifts and helpful books are also available.

As a part of our mission, HGM also conducts research and keeps abreast of the latest in prevention of miscarriage and stillbirth.

Caskets

We are so sorry about the loss of your baby. Heaven's Gain Ministries' (HGM) Advisors are available to assist, no matter the gestation of your pregnancy. We know losing a baby is extremely difficult. Being prepared for the delivery is one of the most important things you can do.

CREATE A BIRTH PLAN

Before you deliver your baby, we recommend that you collaborate with us in creating an individualized birth plan. Our trained Certified Baby Loss Family Advisors (CBLFAs) can offer insightful guidance in the design of your customized birth plan that can help form precious memories.

Having a birth plan leads to a less traumatic delivery with fewer regrets as you heal. This plan can be shared with medical professionals to make them aware of your desires.

A CBLFA can prepare you for your delivery and be "on call" for any non-medical questions you may have during your hospital delivery or miscarriage at home.

HGM is a non-profit ministry that is devoted to providing dignified caskets and urns for babies of all gestations.

Support services are available to individuals, couples, or in groups. Our Peer Support Coordinator leads our in-person and online support groups.
